Number of Employees: 32

Company Mission: The mission of Interra Health is to empower people to take action that improves their health and well-being. We accomplish this by creating custom solutions for people and employers that are both intelligent and cost effective. It is our commitment as a company to continuously advance our programs so that we exceed the expectations of our customers.

Company History: *Interra Health* was incorporated in 2001 to help employers control their workers' compensation costs. Our services have grown through client request to provide a wide array of onsite clinic programs and fully customizable and scalable wellness programs.

New Name, Greater Possibilities: Effective April 5, 2007, On-Site Health Care of Franklin, Wisconsin changed its name to *Interra Health, Inc.* We decided to make this change because our services have expanded to include programs that are more comprehensive than our original name suggested. There has NOT been any change in ownership.

Programs Offered: **Onsite Provider Programs** may include: nurse practitioners, physical therapists, dietitians, chiropractors, massage therapists, and nurses. **Employer Wellness Programs** may include: custom HRAs, biometric testing, health coaching, incentive program design/administration, participant education, etc.
