

## WCWI Board of Directors 2018 – 2019 Slate of Nominations

**Julie Landry**  
Chief Human Resources Officer,  
Racine Unified School District

Julie Landry is the Chief Human Resources Officer for Racine Unified School District. The Office of Human Resources is responsible for more than 3,000 employees supporting the education process for over 17,000 students K-12. The Office of Human Resources oversees recruitment, hiring, staffing, employee relations including labor management, employee benefits, licensing and compliance, employee wellness and performance management. Julie serves on the Senior Leadership Team and is a direct report to the Superintendent of Schools. At times, she also serves in the role of acting superintendent. If selected to serve as a member of the WCWI Board of Directors, Julie will support and advocate for the mission and will promote the mission and benefits of WCWI membership to employers in Wisconsin, and specifically serve as the WCWI champion for school districts across the state. Outside of her professional role, Julie works with four different groups of woman (MKE Fitnatics, Fitnatic Iron Girls, Black Girls Run (BGR), Black Girls Do Bike (BGDB)) inspiring them to take care of themselves through activities that support total wellness.

**Eric Ziarek**  
Wellness Manager,  
Children's Hospital of Wisconsin

Eric has a strong education and training background in health promotion and well-being. As a working professional with over 17 years of experience in health insurance and health care, he is well equipped to handle the unique set of wellbeing challenges that health care professionals face. Eric currently serves as the Wellness Program Manager for Children's Hospital of Wisconsin, where he's driven to inspire and empower others to be at their best by living a healthful, active and fulfilling life. As a wellness leader throughout his career, he currently is recognized as a WELCOA Faculty member and serves on the University of Wisconsin Health and Wellness Management Advisory Board. As a member of the Board, Eric plans to contribute to developing and supporting WCWI's impact on the health of the workforce and the community. For fun outside of work, you will most often find him spending time with his wife Sarah and daughter Emerson, exercising, and participating in charity cycling events like the Scenic Shore 150.

## Jennifer Price

**Director of Special Operations,  
Wisconsin Department of Justice**

Jennifer is currently the Director of Special Operations for the Wisconsin Department of Justice, Division of Criminal Investigation. In that role, she has a number of responsibilities related to employee wellness at the division, department and statewide levels. At the division level, she plans and directs the division's wellness initiatives and is the program director for the peer support team; at the department level, she serves on the wellness committee and as a member of the department's Fostering Future's team. She is the coordinator for the department's Chaplaincy Program, and is also a member of the department's Statewide Wellness Advisory Council. During her time as the Wisconsin Department of Justice's Internet Crimes Against Children (ICAC) Task Force Commander, she developed curriculum for the provision of vicarious trauma training, and subsequently provided to law enforcement specializing in child exploitation investigations. Furthermore, she created the Division of Criminal Investigation's ICAC Wellness policy. Jennifer is actively involved in a number of wellness initiatives at the Wisconsin Department of Justice that have shaped her professional experiences in the area of employee wellness, specifically wellness for law enforcement personnel. She is passionate about health and wellness and actively pursues and participates in activities and programs – both personally and professionally – that foster many of the dimensions of wellness so that she may inspire others to make healthy lifestyle changes. She possesses skill sets that are transferable including strategic planning, program development, budget management and oversight, and policy development.
